## **Nighttime paving to restrict lanes on OR 58, east of Oakridge**

OAKRIDGE— A contractor for the Oregon Department of Transportation will begin paving operations on OR 58 this week between mileposts 48 and 56, approximately 13 miles east of Oakridge.

The \$2 million dollar project will remove and replace the top layer of asphalt and restripe the highway. Several turnouts will also be repaved.

The work will be done during nighttime hours Monday through Thursday. Motorists should expect lane restricts after 5 p.m. with flaggers controlling travel and delays of 10-20 minutes. There will be no work done after 3 p.m. Friday through 9 p.m. Sunday. The project is expected to be completed by late August.

The work will be done by Oregon Mainline Paving, LLC, of McMinnville.

Motorists should please use caution while traveling through the construction zone.
